

I Will Dance Across the Morning Sky

I will dance across the morning sky

Soar above the golden clouds

Twirl and swirl into the colors of a rainbow

Swim with dolphins

Turn invisible summersaults in the salty sand

Drift into the evening stars and beyond

I'll sing in the heavenly choir

Try on halos, til I find one that's a perfect fit

Explore the universe

Visit those who left before me

Think of me and I will think of you.

That penny you find?

The redbird? Feathers?

All signs my love for you never dies.

Days, months, years pass as I continue my adventures

And you live your life

Someday, Somehow we will meet again

And hug, laugh

Visit loved ones

Chase falling stars

Make cloud angels

And together sit at the feet of God
